International Students .....	204
Undergraduate Students .....	205
Preparatory, Dilworth Hall, and Special Students .....	213

## FOREWORD

The 1956 issue of the CHATHAM ALUMNAE REGISTER contains the names of graduate and associate members of the Alumnae Association listed alphabetically and by classes.

The Alphabetical Section lists both maiden and married names. In the case of married alumnae, the address is given with the married name.

To conserve space there are no addresses listed in the Class Section. Reference for addresses can be made to the Alphabetical Section. The class file contains the living graduates, the associate members, and the deceased members of each class.

Following the Class Section, there is a list of International Students with the countries from which they came, and a list containing the names of alumnae of the former preparatory department of the College, of Dilworth Hall, and of special students.

Code for symbols used:

Class year (i. e.—'25)—Graduate of the College.

X preceding the class year—Former student who would have graduated in that year.

Prep.—Student of former preparatory department.

D. H.—Dilworth Hall Student.

Spec.—Special Student.

If your most recent address does not appear it is because it was not received in the Alumnae Office before July 1, 1956. Please send changes of address promptly to the Alumnae Office so that the files may be kept up to date.

We wish to thank those who sent in addresses for "lost" alumnae. Letters were sent immediately to those addresses asking the alumnae to return the cards promptly. We have printed the addresses for all whose cards were received.
